

2015 EMPLOYER RETURN FORM CONTRIBUTION DAY CALENDAR FOR A STANDARD 5 DAY WEEK

The time saving way to calculate contribution days.

Return forms are mailed to Employers registered in the Construction Industry Portable Paid Long Service Leave Scheme at the end of every three month period. They must be completed and returned with payment to MyLeave by the due date shown on the calendar.

The aim of this 2015 calendar is to assist employers to calculate the number of contribution days to be shown on the Return for those employees who work solely on construction work as defined (See overleaf).

The calendar enables the calculation of:-

- The number of contribution days from the start of a period to a cease date:- **for employees who have ceased during a period.**
- The number of contribution days from a start date to the end of a period:- **for employees who have commenced during a period.**

See for yourself how easy it is to use.

For example, an employee who ceased work on the 16th of January would have a maximum of **12** contribution days for **Period One**.

An employee who started work on the 23rd of January and worked until the end of March would have a maximum of **48** contribution days for **Period One**.

For information on how to complete your Employer Return Form, see overleaf or contact MyLeave.
